Core capabilities

Local procurement and supply
Sourcing and delivery of construction materials, generators, HVAC equipment, operational supplies and fuel, and sale of armored vehicles. Regional vendor coordination supports material availability and delivery planning.

Equipment rental and transportation
Heavy equipment and material handling equipment; trucks, buses and SUVs. Short- and long-term leasing, cargo transportation and delivery coordination.

Civil engineering and construction
Design-build, civil and structural works, renovations and pre-engineered buildings. Capabilities include shelters, guard towers, roads, concrete works and utility infrastructure.

Facilities and base support
HVAC, electrical and plumbing maintenance; cleaning and life support services. Support for occupied facilities, accommodation units and mission-support infrastructure.

Regional operating experience

Government contracting fluency
Leadership experience with U.S. mission requirements; familiarity with USACE submittals, RMS, PIEE, WAWF and JCCS workflows.

Security-sensitive sites
Personnel screening, badging and delivery coordination in controlled environments, subject to installation access requirements.

Local operating knowledge
Local supplier and workforce coordination informed by regional socioeconomic conditions, cultural practices, political sensitivities and religious observances.

Regional execution
U.S. corporate accountability with in-country coordination through registered Hillstone companies supporting local purchasing, rental and transport needs.

Supplier engagement

We welcome supplier onboarding and RFQs for local procurement, equipment rental, transportation, civil works and facilities support across Iraq and the Gulf.
